Dear Parents

Our Extended Schools' Partnership has arranged an Internet Safety Evening for parents at Theale Green School on Monday 22 March at 7:00pm. The speaker will be Martin Raines, a Childnet volunteer. This is a subject which is very much in the news at the moment. Martin has a wealth of knowledge base on the subject as well as social networking sites and other technological advances which make children vulnerable. He has presented to many hundreds of primary school children on Safe Internet Usage across Berkshire and Hampshire. The areas covered will be:

- Why is internet safety so important?
- Why is the internet so great?
- What are the risks?
- What about mobiles?
- Know IT All - what can parents can do?

Leaflets and supporting articles will be made available to all parents.

If you answer Yes to any of the following questions then you may benefit from attending the meeting.

	Yes	No
Do your children use instant messenger?		
Do your children have internet access from their own room/s?		
Do your children use social networking sites like Bebo?		
Do your children use mobile phones?		
Do your children ever use chat rooms?		
Do your children play online games?		
Do your children know more about going online than you do?		
Do you worry that your children might be cyberbullied?

Do your children believe everything that they see online?

Yours sincerely,
